Welcome to the University of Nyíregyháza

The University of Nyíregyháza, as one of the outstanding universities in the area of universities of applied sciences in Hungary, does not only offer high-quality education and research but also a personal approach to students, a vibrant student life as well as an unparalleled infrastructure.

In the institutes of our university, future experts are educated in the areas of humanities, teacher training, social sciences, economics, art education, engineering, agricultural science, computer science, and natural and sports sciences.

Since the University of Nyíregyháza seeks to become an international university we provide our international students with a package of all-around assistance related to their studies and later graduation.

We would be happy to welcome you soon as one of our students !

How to get to the University of Nyíregyháza?

From Budapest to Nyíregyháza....

By train

Ask the taxi or the Airport Minibus driver to take you to the Keleti or Nyugati Pályaudvar (Eastern or Western Railway Station). From there, you can travel to Nyíregyháza by an Inter-City (IC) train. An even cheaper option is to take the bus No. 200E to Kőbánya-Kispest Railway Station.

Trains leave from both the Budapest Nyugati and Keleti as well as Kőbánya-Kispest stations several times a day.

On the website: <https://www.mavcsport.hu/en>, you can find the IC timetable. You are advised to take an IC instead of the regular train because ICs are much faster and more comfortable than regular trains.

You will have to pay an additional fee for your seat reservation (automatically issued at the ticket counter), but the limited seats may disappear quickly, especially on weekends when many students are travelin to and from the capital.

If you choose not to take an InterCity, the journey will last closer to four hours as the train makes more stops.

By car-sharing – <https://www.motar.eu/>

You have two choices: railway, or car-sharing services. Going by train usually takes more time, and is less comfortable than the car.

And that is why we recommend several car-sharing services, e. g. motar.eu. It is faster and much more comfortable, and you can get directly to your destination.

We do not recommend taking a taxi ride from Budapest to Nyíregyháza as the price is very high!

Driving a car

Foreigners driving a car to Hungary are required to hold a valid international driving licence. Car registration and insurance papers are also compulsory. Our dormitories have a safe car park. Driving is on the right-hand side and the seatbelt is compulsory. The speed limit within residential areas is 50 km/h, 90 km/h for secondary roads, 110 km/h for highway,s and 130 km/h for motorways.

Transport Rules

Travel tips

Nyíregyháza is generally **very safe** and **pickpocketing is not widespread**, but it can happen.

- **Please never carry your passport with you, have a photo of it on your phone.**
- **Residence permit should be good enough identification if needed somewhere.**

Always carry your bag in front of you, especially on public transport, and never on your back, even if it is a rucksack. Your phone and wallet should never be in the back pocket of your jeans/trousers.

If you sit down somewhere, make sure that you keep an eye on your stuff rather than put it next to yourself or behind you. It can be stolen in a second. Take care even at the university as anyone can enter the buildings and do not leave your things in an empty classroom if you don't stay there.

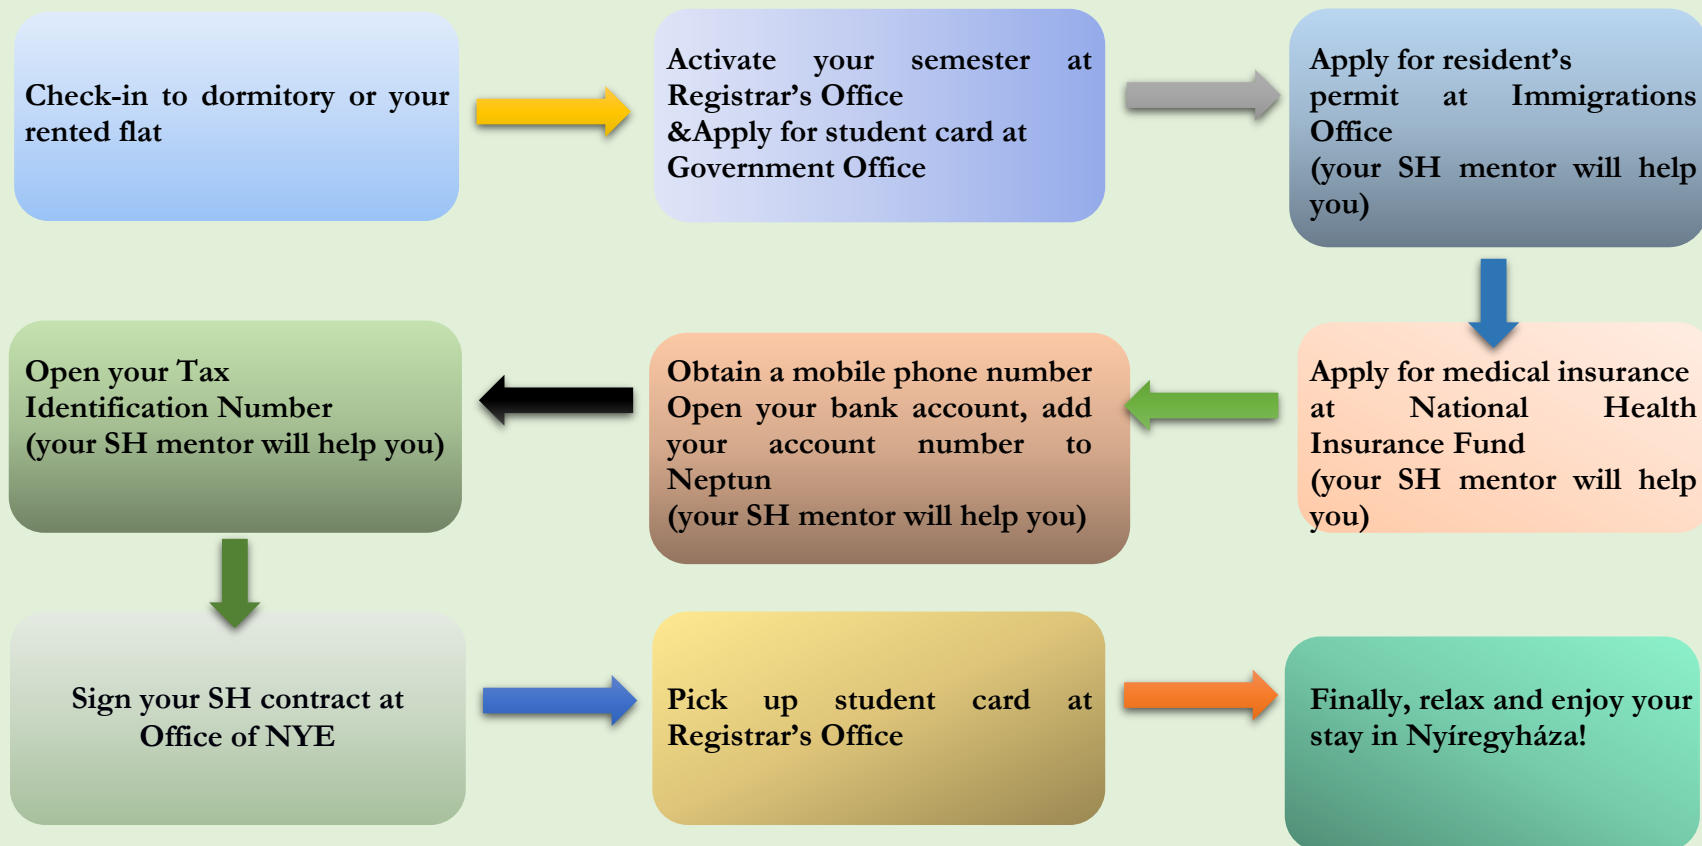

KEEP YOUR LUGGAGE SAFE!

Pedestrian traffic

Make sure that you cross a street only at the green light.

Before stepping off the curb, make sure that all the cars have stopped. Please use the official pedestrian crossings only.

- You cannot ask to be placed or not placed in the same room with someone of a given religion. You have decided to live in a foreign country. Part of this experience is to achieve cultural understanding, e.g. acceptance of the fact that someone may have a culture and religion different from yours. Everyone is, of course, allowed to practice their religion, but, at the same time, all are expected to respect the customs and religion of others.
- In case of any problems or disagreements, you must accept the decision of the dormitory manager.

Time Format In Hungary

A 24-hour time format is used in Hungary. 12.00 is always noon and 24.00 or 00.00 is always midnight. We don't use am or pm.

Being On Time

Time is an important and huge issue in Hungary and being late is unacceptable especially in the classroom. Please be careful and always be on time. For example, 09.50 always means 09.50 and not any time after that. Of course, you can be in the classroom some minutes earlier than the start of the class but never later than that.

How To Write An E-Mail And How To Address The Staff Of The University

Please always use the proper forms when you write a letter. Your letter should look something like this.

“Dear Madam/Sir/Ms Kovács/Eszter/Professor/Coordinator etc. Here comes the information or question that you would like to share with the person.

Best regards, Here comes your official full name”

Please do not use the e-mail as if it was a chat line. "Hey" or "Hi" are not proper ways of addressing someone officially. Always start your e-mail with Dear..., say goodbye at the end and always sign your letter.

Waiting For An Answer For Your E-Mail

Once you sent an e-mail to a university staff member please be so kind and only send them a reminder after 48 hours on weekdays and after 96 hours at the weekends. Please give them time to get around and respond to your e-mail.

For example, if you send an e-mail at 11 p.m., it's very unlikely that you will receive a reply by 8 a.m. even in the most optimal case. Always plan and think ahead.

Using Facebook As A Correspondence Platform With The University Staff

Please note that Facebook, Snapchat, Viber, WhatsApp etc. are not official platforms of communication with the university staff members. If you need anything from a coordinator or a professor, please send them a letter to their official e-mail address that ends with “nye.hu” instead of sending them private messages via Facebook.
