Grading System and Credits in Hungary

LOCAL CREDITS

Since Hungary is a member of the European Union, Hungarian higher education institutions are part of the European Higher Education Area. The Hungarian academic credit system following the Hungarian law is an ECTS-compatible system. (European Credit Transfer System) Credits and degrees gained in Hungary are transferable to other European institutions. An **ECTS** equivalent system is applied in all higher education institutions.

CREDIT TRANSFER

The ECTS conversion table ensures transfer procedures between the Hungarian academic credit system and the ECTS. The recognition of courses completed abroad is based on the credit transfer regulation. For incoming international students, a Transcript of Records is issued at the end of the semester, which contains the code and title of the completed courses, credits, grade, and its ECTS-compatible grade.

Grading

At the end of the semester, the assessment of knowledge is generally carried out according to a five-grade scale:

5	A excellent Outstanding with minor errors	EXCELLENT VERY GOOD
4	B very good Generally sound work with a number of notable errors	GOOD
3	C satisfactory Fair, but with significant shortcomings	FAIR
2	D/E passed Performance meets the minimum criteria	PASS
1	FX/F failed Further work is required	FAIL

MENTAL HEALTH SUPPORT

You might never know when it's time for you to speak up about your problems. For an international student it's always harder to deal with the challenges which can come up to their way than for a normal student. There can be some circumstances when you will feel far from your loved family, far from friends from your country neighborhood.

MAKE THE FIRST STEP

Our students can ask for personal support at our institution throughout their stay. The Mental Help Consultation is provided by the professional expert László Körei, Head of the Mental Health Support Centre.

Don't be afraid to make a change!

Governmental Health Insurance (TAJ CARD)

Those are entitled to have the TAJ card who have:

- foreign citizenship,
- -who have no permanent accommodation in Hungary
BUT have a temporary Hungarian accommodation

If you are studying under the Stipendium Hungaricum scholarship programme, if you are part of the Scholarship Programme for Christian Young People, or if you are part of the Hungarian Diaspora Scholarship Programme.

In case - if you are a student with a scholarship offered by the Minister of Education in Hungary, you are eligible for health care services in Hungary and you will receive a “TAJ card”. With the „TAJ” health insurance ID, you are eligible to use health services in Hungary.

With the “TAJ card” (the card for Hungary’s national health insurance scheme), scholarship holders are publicly ensured and they are able to access public healthcare for free, not just emergency or urgent care. Scholarship holders can request a public health insurance card (TAJ card).

THE FOLLOWING DOCUMENTS ARE NEEDED:

- A copy of your passport (valid for at least 3 months),
- A copy of your residence permit card (both sides, valid for at least 3 months),
- A copy of your address card (both sides, stamped by the Immigration Office, or printed version if you received a QR code from the Immigration Office),
- An original student status certificate with both signature and stamp, that you can get only by visiting the CAO personally. It has to be issued no longer than 30 days ago,
- Your Letter of Award (a document that proves that you are receiving a monthly stipend),
- Letter of authorization: You need to fill it out, print it and sign it. You will also need two witnesses to sign it, they can be anyone you know ("tanú" means witness).

You are advised to contact your NYE coordinator who is responsible for the tasks dealing with international students. The application process will start if you present all the documents to your coordinator who will help you to go through the process of TAJ application.

(TAJ CARD)

Governmental Health Insurance for self-paying international students

As a regular student, you are not entitled to free health care in Hungary. NEAK, which is the governmental body responsible for issuing TAJ cards, cannot take your application without payment for the healthcare services.

As of January 2023, the payment equals 30% of the Hungarian minimum wage for 24 months, that currently equals 69,600 HUF/month, or 1,670,400 HUF altogether. You can set up payment schemes that fit as closely to your needs as possible (paying in one sum, or monthly installments for a specific number of months, etc.).

- You must keep in mind, that you are only eligible for emergency treatment before paying the above-mentioned sum altogether! This means that as long as you haven't paid the whole 1,670,400 HUF, you can only use public healthcare in emergency cases! If, at the time of the contract, you pay the whole amount, you will be entitled to health care services with full coverage from the first day of the following month.

After paying the whole fee, using the TAJ card still comes with some restrictions:

- You can only use emergency dental care.
- Your TAJ card is only valid in Hungary, you cannot get free treatment in any other country with it (not even EEA member states).
- You cannot sign up for transplantation and surgical waiting lists.
- Any examinations or medications that are related to a medical condition that was present before the application for a TAJ card are NOT covered.

TO-DO LIST IN EMERGENCY SITUATION

If the case happened in the dormitory:

- Go to the dorm reception
- Inform University safety guards about the problem
- If the case is serious and you need the help of the doctor, they will call an ambulance for you.
- Bring all the documents which can certify your identification.
- If you are allergic to some painkillers or sensitive to some treatments, please inform the doctor who will take care of you.

Before you ask for treatment, please always ask if you can use your TAJ card for the service. If you need help and would like to visit the doctor, please contact your local, Hungarian-speaking mentor who can help you with finding a doctor.

In case you cannot reach out to anyone:

In case of emergency, do not hesitate to visit a medical emergency service ("ügyelet"). In urgent cases, you will receive medical treatment. Until you receive your TAJ card, in case of emergency, please always take with you your "Letter of Award" (scholarship holders), your "certificate of student status" and your passport and residence permit with the accommodation reporting form.

Student ID Card

International students are provided with a student ID card with which they can have the same advantages as Hungarian students. After granting student status at the host institution.

TAX NUMBER

If you study at NYE with a Hungarian governmental scholarship you are required to apply for a Tax Card after your arrival in Hungary. You need to request a Tax Card in person at the National Tax and Customs Administration (Nemzeti Adó- és Vámhivatal). You are required to take with you your passport. You need to pay taxes if you have a job in Hungary or you receive any other income from anyone in Hungary.

As soon as the TAX Identification Number will be ready you have to provide your international coordinator with its details.

Sports

If you are interested in football:

Look for a team

There are many football teams who are looking to hire people and accept some. Don't be afraid to take a chance and approach a football team that you think is out of your league - and don't turn them down if they approach you. Opportunities are free, so you might as well take them. It will work out for you in the long run!

Exercise!

Most football players will usually run and jump after having a busy day. It is your duty if you want to become a good player, to jog laps and run on courses. Get plenty of exercise by also going to a gymnasium and keep your body in shape. This will give you a great exercise and will make you strong and healthy the next time you want to participate.

Stay in touch with students who graduated, meet the Alumni community. Ask around people who are involved in the sport activities in which you are interested.
